Sir,

Sub: Environmental Clearance – Compliance report furnished

Ref: E.C. No. 35/2018 vide Proceedings No. 1069/EC4/2016/SEIAA dated  
17.03.2018 of SEIAA Kerala

Kind attention is invited to the Environmental Clearance accorded to the quarry project of M/s Cochin Blue Metal Industries Private Limited in Purapuzha Village and Panchayath, Thodupuzha Taluk, Idukki District, Kerala vide reference cited above. The fifth report of compliance on the specific and general conditions of the EC for the period from April to September 2020 is attached herewith for favour of kind perusal.

Yours faithfully

C.A. Mohammed Iqbal  
Director

for M/s Cochin Blue Metal Industries Private Limited

# I. ABOUT THE PROPONENT

M/s Cochin Blue Metal Industries Private Limited possesses a quarry project in Purapuzha Village and Panchayath, Thodupuzha Taluk, Idukki District, Kerala state.

State Environment Impact Assessment Authority Kerala (SEIAA Kerala) accorded Environmental Clearance No. 35/2018 vide proceedings No. 1069/EC4/2016/SEIAA dt. 17.03.2018 to M/s Cochin Blue Metal Industries Private Limited for an area of 1.3898 hectares in Purapuzha Village and Panchayath, Thodupuzha Taluk, Idukki District, Kerala.

M/s Cochin Blue Metal Industries Private Limited is controlled and managed by Mr. C.A. Mohammed Iqbal, Director, Choozhikkara, Mathiri P.O., Ramapuram, Kottayam, Kerala - 686576. Email: cochinbluemetals@gmail.com.

Among the conditions specified in the said Environmental Clearance (EC), it is mandatory to file six-monthly compliance report(s). This report is in compliance of it and the fifth report in its series.

*Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down.*

## II. ABOUT THE PROJECT

### a. Project category:

The project comes under the Category B, Activity 1(a), (i) of Schedule of EIA Notification 2006 and subsequent amendments.

### b. Project location:

Sy. Nos. 172/1 Pt., 177/1 Pt., 177/2 Pt., 178/1 Pt., 178/2 Pt. and 179/1 Pt. of Purapuzha Village and Panchayath, Thodupuzha Taluk, Idukki District, Kerala. The proposed project site falls within 9°50'36.35"N to 9°50'45.05"N and 76°38'03.99"E to 76°38'12.72"E.

### c. Project extent and activity:

The project is for quarrying of 60,000 MTA of building stone from an area of 1.3898 hectares of land located as specified above.

### d. Project description:

The land for the quarry project is private own land and the land is possessed in the name of M/s Cochin Blue Metal Industries Private Limited. The mining operation will be carried out by open cast semi-mechanized method as per the approved Mining Plan. The expected life of mine is 5 years.

### III. REPORT OF COMPLIANCE

#### A. SPECIFIC CONDITIONS

Item No.	Stipulations in EC	Status of Compliance	Remarks
S1	If any rare, endemic and threatened plant species are noticed, they shall be properly protected in situ or transplanted to a suitable site inside the lease area.	Effective steps shall be taken either for in situ conservation or for transplantation of any rare, endemic and threatened plant species, if any, noticed within the lease area.	

#### B. GENERAL CONDITIONS

Item No.	Stipulations in EC	Status of Compliance	Remarks
G1	Rain water harvesting facility should be installed as per the prevailing provisions of KMBR/KPBR, unless otherwise specified.	Rain water harvesting facility shall be installed on progressing of mining and allied activities.	

G2	Environment Monitoring Cell as agreed under the affidavit filed by the proponent should be formed and made functional.	Environment Monitoring Cell formed is functional.	
G3	Suitable avenue trees should be planted along either side of the tarred road and open parking areas, if any, including of approach road and internal roads.	Avenue trees shall be planted as directed herein on progressing of project activities.	
G4	Maximum possible solar energy generation and utilization shall be ensured as an essential part of the project.	The possibility of solar energy generation and utilization shall be explored.	
G5	Sprinklers shall be installed and used in the project site to contain dust emissions.	Sprinklers shall be installed on progressing of mining and allied activities.	
G6	Eco-restoration including the mine closure plan shall be done at the own cost of the project proponent.	It shall be ensured that the directions contained are scrupulously followed.	
G7	At least 10 percent of the total excavated pit area should be retained as water storage areas	It shall be ensured that the directions contained are scrupulously followed at the time of mine closure.	

	and the remaining area should be reclaimed with stacked dumping and overburden and planted with indigenous plant species that are eco-friendly, if no other specific condition on reclamation of pit is stipulated in the EC.		
G8	Corporate Social Responsibility (CSR) agreed upon by the proponent should be implemented.	Corporate Social Responsibility agreed upon is being implemented without fail. An amount of Rs. 3,37,235/- (Rs. 74,800/- as recurring expense and Rs. 2,62,435/- as non-recurring expense) has been spent towards CSR for the period from April to September 2020 for various activities, the details of which are attached as <b>Annexure G.8</b> .	<b>Annexure G.8</b> – Details of the amount spent towards CSR (Pages A1-A2)
G9	The lease area shall be fenced off with barbed wires to a minimum height of 4ft around, before starting of mining. All the boundary indicators (boards, stores, markings, etc.) shall be protected at all times and shall be conspicuous.	Fencing is being done around the project area.	
G10	Warning alarms indicating the time of blasting (to be done at	The condition shall be followed scrupulously.	

	specific timings) has to be arranged as per stipulations of Explosive Department.		
G11	Control measures on noise and vibration prescribed by KSPCB should be implemented.	The directions contained shall be scrupulously followed on progressing of the project activities.	
G12	Quarrying activities should be limited to day time as per KSPCB guidelines/ specific conditions.	Quarrying and allied activities shall be conducted only during day time.	
G13	Blasting should be done in a controlled manner as specified by the regulations of Explosives Department or any other concerned agency.	The direction is being scrupulously followed.	
G14	A licensed person should supervise/ control the blasting operations.	Licensed person is engaged for controlling the blasting operations.	
G15	Access roads to the quarry shall be tarred to contain dust emissions that may arise during transportation of materials.	Access roads to the project site are not tarred at present. The directions contained shall be scrupulously followed on progressing of the project activities.	
G16	Overburden materials should be managed within the site and used for reclamation of mine pit as per	The condition shall be scrupulously followed.	

	mine closure plan/ specific conditions.		
G17	Height of benches should not exceed 5 m, and width should not be less than 5 m, if there is no mention in the mining plan/ specific condition.	It shall be ensured that the height and width of benches are maintained at 5 m x 5 m.	
G18	Mats to reduce fly rock blast to a maximum of 10 PPV should be provided.	The directions contained shall be scrupulously followed	
G19	Maximum depth of mining from general ground level at site shall not exceed 10m.	Special care shall be taken to ensure that the mining depth does not exceed the depth specified herein.	
G20	No mining operations should be carried out at places having a slope greater than 45°.	It shall be ensured that no mining is carried out at places having a slope greater than 45°, if any.	
G21	Acoustic enclosures should have been provided to reduce sound amplifications in addition to the provisions of green belt and hollow brick envelop for crushers so that the noise level is kept within prescribed standards given by CPCB/KSPCB.	The condition shall be scrupulously followed to reduce the noise level within prescribed limits when the crusher starts functioning.	

G22	The workers on the site should be provided with the required protective equipment such as ear muffs, helmet, etc.	The direction contained is being scrupulously followed.	
G23	Garland drains with clarifiers to be provided in the lower slopes around the core area to channelize storm water.	The direction contained shall be scrupulously followed.	
G24	The transportation of minerals should be done in covered trucks to contain dust emissions.	The transportation of minerals is being done in covered trucks to contain dust emissions.	
G25	The proponent should plant trees at least 5 times of the loss that has been occurred while clearing the land for the project.	The direction contained shall be scrupulously followed.	
G26	Disposal of spent oil from diesel engines should be as specified under relevant Rules/Regulations.	Direction contained shall be scrupulously followed.	
G27	Explosives should be stored in magazines in isolated place specified and approved by the Explosives Department.	The direction contained shall be scrupulously followed.	

G28	A minimum buffer distance of 100 m from the boundary of the quarry to the nearest dwelling unit or other structures, not being any facility for mining shall be provided.	Statutory safe distance shall be maintained without fail.	
G29	100 m buffer distance should be maintained from forest boundaries.	Statutory safe distance shall be maintained without fail.	
G30	Consent from Kerala State Pollution Control Board under Water and Air Act(s) should be obtained before initiating activity.	Consent to Operate/Authorisation/Registration issued under Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention & Control of Pollution) Act, 1981 and Environment (Protection) Act, 1986 (Consent No. R18IDU-CTO-664374 dt. 29.05.18 valid up to 16.03.2023), is obtained from Kerala State Pollution Control Board for the quarry. <b>[Annexure G.30]</b>	<b>Annexure G.30</b> – Copy of Consent to Operate / Authorisation / Registration issued by Kerala State Pollution Control Board for the quarry (Pages A3-A9)
G31	All other statutory clearances should be obtained, as applicable, by project proponents from the respective competent authorities including that for blasting and storage of explosives.	Clearances are obtained from: <ol style="list-style-type: none"> <li>1. Petroleum and Explosives Safety Organization (former Explosives Department) <b>[Annexure G.31(1)]</b> for use of explosives from magazine</li> <li>2. Purappuzha Grama Panchayath for the functioning of quarry <b>[Annexure G.31(2)]</b>.</li> </ol>	<b>Annexure G.31(1)</b> – Copy of license (No. E/ SC/ KL/ 22/ 1020 (E50659) dt. 12.03.2019 valid up to 31.03.2022) issued by the Petroleum and Explosives Safety Organization for possession for use of

			explosives from magazine (Pages A10 to A14) <b>Annexure G.31(2)</b> – Copy of D & O license (No. G5-10/19-20 dt. 22.03.2019 valid up to 16.03.2023) issued by Purappuzha Grama Panchayath for the quarry (Pages A15 to A16)
G32	In the case of any change(s) in the scope of the project, extent quantity, process of mining technology involved or in any way affecting the environmental parameters/impacts as assessed, based on which only the E.C. is issued, the project would require a fresh appraisal by this Authority, for which the proponent shall apply and get the approval of this Authority.	The company shall abide by the directions of SEIAA Kerala in such a context, if arises.	
G33	The Authority reserves the right to add additional safeguard measures subsequently, if found	The company shall abide by the directions of SEIAA Kerala in such a context, if arises.	

	necessary, and to take action including revoking of the environment clearance under the provisions of the Environment (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.		
G34	The stipulations by Statutory Authorities under different Acts and Notifications should be complied with, including the provisions of Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) act 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification, 2006.	Strict compliance of the conditions is adhered to.	
G35	The project proponent should advertise in at least two local newspapers widely circulated in	<ul style="list-style-type: none"> <li>• Advertisements regarding the obtaining of Environmental Clearance were given in two newspapers:</li> </ul>	

	<p>the region, one of which (both the advertisement and the newspaper) shall be in the vernacular language informing that the project has been accorded Environmental Clearance and copies of clearance letters are available with the State Environment Impact Assessment Authority (SEIAA) office and may also be seen on the website of the Authority at <a href="http://www.seiaakerala.org">www.seiaakerala.org</a>. The advertisement should be made within 10 days from the date of receipt of the Clearance letter and a copy of the same signed in all pages should be forwarded to the office of this Authority as confirmation.</p>	<ol style="list-style-type: none"> <li>1. Mangalam (Malayalam daily) dt. 01.04.2018 and</li> <li>2. The Hindu (English daily) dt. 11.04.2018</li> </ol> <ul style="list-style-type: none"> <li>• The copies of newspaper advertisements were forwarded to the Directorate of Environment and Climate Change.</li> </ul>	
G36	<p>A copy of the clearance letter shall be sent by the proponent to concerned Grama Panchayat / District Panchayat / Municipality /</p>	<p>Complied.</p>	

	Corporation / Urban Local Body and also to the Local NGO, if any, from whom suggestions / representations, if any, were received while processing the proposal. The Environmental clearance shall also be put on the website of the company by the proponent.		
G37	The proponent shall submit half yearly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) and upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the respective Regional Office of MoEF, Govt. of India and also to the State Environment Impact Assessment Authority (SEIAA) office.	<ul style="list-style-type: none"> <li>• Conditions are being complied with. This fifth report is in compliance with the submission of six-monthly compliance reports and is for the period from April to September 2020.</li> <li>• Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. Monitoring of air, water and noise levels shall be done on progressing of mining and allied activities and the reports shall be sent to the concerned as directed herein.</li> </ul>	

G38	The details of Environmental Clearance should be prominently displayed in a metallic board of 3 ft x 3 ft with green background and yellow letters of Times New Roman font of size of not less than 40. Sign board with extent of lease area and boundaries shall be depicted at the entrance of the quarry, visible to the public.	The condition shall be scrupulously followed.	
G39	The proponent should provide notarized affidavit (indicating the number and date of Environmental Clearance proceedings) that all the conditions stipulated in the EC shall be scrupulously followed.	Affidavit was submitted to SEIAA.	
G40	No change in mining technology and scope of working should be made without prior approval of the SEIAA, no further expansion or modifications in the mine shall be carried out without prior approval of the SEIAA, as applicable.	<ul style="list-style-type: none"> <li>• No change in mining technology and scope of working is proposed at present.</li> <li>• Prior approval of SEIAA shall be sought if any change in mining technology and scope of working is proposed in future</li> </ul>	

G41	The project proponent shall ensure that no natural water course and/or water resources shall be obstructed due to any mining operations. Necessary safeguard measures to protect the first order streams, if any, originating from the mine lease area shall be taken.	The condition shall be followed scrupulously on progressing of mining and allied activities.	
G42	Monitoring of Ambient Air Quality to be carried out based on the Notification 2009, as amended from time to time by the Central Pollution Control Board. Water sprinkling should be increased at places loading and unloading points and transfer points to reduce fugitive emissions.	<ul style="list-style-type: none"> <li>Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. Monitoring of air shall be done on progressing of mining and allied activities.</li> <li>Water sprinkling is considerably increased at loading, unloading and transfer points to contain fugitive emissions.</li> </ul>	
G43	The top soil, if any, shall temporarily be stored at earmarked site(s) only for the topsoil shall be used for land reclamation and plantation. The	The overburden and top soil are stacked in pre-determined places earmarked for the purpose within the project site.	

	<p>over burden (OB) generated during the mining operations shall be stacked at earmarked dump site(s) only. The maximum height of the dumps shall not exceed 8m and width 20m and overall slope of the dumps shall be maintained to 45°. The OB dumps should be scientifically vegetated with suitable native species to prevent erosion and surface run off. In critical areas, use of geo textiles shall be undertaken for stabilization of the dump. The entire excavated area shall be backfilled. Monitoring and management of rehabilitated areas should continue until the vegetation becomes self-sustaining.</p>		
G44	<p>Catch drains and siltation ponds of appropriate size shall be constructed around the mine working, mineral and OB dumps</p>	<p>Direction contained shall be scrupulously followed on progressing of mining activities.</p>	

	to prevent run off of water and flow of sediments directly into the river and other water bodies. The water so collected should be utilized for watering the mine area, roads, green belt development, etc. The drains shall be regularly desilted particularly after monsoon and maintained properly.		
G45	Effective safeguard measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution and having high levels of PM <sub>10</sub> and PM <sub>2.5</sub> such as haul road, loading and unloading points and transfer points. It shall be ensured that the Ambient air quality parameters conform to the norms prescribed by the Central Pollution Control Board in this regard.	<ul style="list-style-type: none"> <li>Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. Direction contained shall be scrupulously followed on progressing of mining activities.</li> <li>It shall be ensured that the Ambient Air Quality parameters are well within the prescribed standard limits.</li> </ul>	

G46	Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.	Water sprinkling is considerably increased at loading, unloading and transfer points to contain fugitive emissions.	
G47	Measures should be taken for control of noise levels below 85 dBA in the work environment.	Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. Effective measures shall be taken to maintain the ambient sound level well within the prescribed limits on progressing of mining activities.	
G48	A separate environmental management cell with suitable qualified personnel should be set up under the control of a Senior Executive, who will report directly to the Head of the Organization.	Environment Monitoring Cell formed is functional.	
G49	The funds earmarked for environmental protection measures and CSR activities should be kept in separate account and should not be	Corporate Social Responsibility agreed upon is being implemented without fail. An amount of Rs. 3,37,235/- (Rs. 74,800/- as recurring expense and Rs. 2,62,435/- as non-recurring expense) has been spent towards CSR for the period from April to September 2020 for various	<b>Annexure G.8</b> – Details of the amount spent towards CSR (Pages A1-A2)

	diverted for other purpose. Year wise expenditure should be reported to the State Environment Impact Assessment Authority (SEIAA) office.	activities, the details of which are attached as <b>Annexure G.8.</b>	
G50	The Regional Office of MoEF&CC located at Bangalore shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer(s) of the Regional office by furnishing the requisite data/ information/ monitoring reports.	Full co-operation shall be extended to the officer(s) of the Regional office by furnishing the requisite data/ information/ monitoring reports, as and when it is sought.	
G51	Any appeal against this Environmental Clearance shall lie with the National Green Tribunal, if preferred within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	No appeal sought for the present project.	
G52	Concealing the factual data or submission of false/fabricated data and failure to comply with	Shall abide by the stipulations of SEIAA in such a context, if arises.	

	any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.		
G53	The SEIAA may revoke or suspend the order, for non-implementation of any of the specific or this implementation of any of the above conditions is not satisfactory. The SEIAA reserves the right to alter/modify the above conditions or stipulate any further condition in the interest of environment protection.	Shall abide by the stipulations of SEIAA in such a context, if arises.	
G54	The above conditions shall prevail notwithstanding anything to the contrary, in consistent, or simplified, contained in any other permit, license on consent given by any other authority of the same project.	It is assured that we shall oblige with the directions issued by SEIAA from time to time.	

G55	This order is valid for a period of 5 years or the expiry date of mine lease period issued by the Government of Kerala, whichever is earlier.	Shall abide by the condition and renewal application shall be submitted well before the expiry of validity period specified herein.	
G56	The Environmental Clearance will be subject to the final order of the courts in any pending litigation related to the land or project, in any court of law.	No litigation is pending in any Court of Law at present with respect to this project.	
G57	The mining operation shall be restricted to above ground water table and it should not intersect ground water table.	Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. Direction contained shall be scrupulously followed on progressing of mining activities.	
G58	All vehicles used for transportation and within the mines shall have 'PUC' certificate from authorized pollution taking centre. Washing of all vehicles shall be inside the lease area.	Direction contained shall be scrupulously followed.	
G59	Project proponent should obtain necessary prior permission of the competent authorities for drawal of requisite quantity of surface water and ground water for the project.	The condition shall be followed scrupulously on progressing of mining and allied activities.	

G60	Regular monitoring of flow rates and water quality upstream and downstream of the springs and perennial nallahs flowing in and around the mine lease area shall be carried out and reported in the six-monthly reports to SEIAA.	Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. The condition shall be followed scrupulously on progressing of mining and allied activities.	
G61	Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.	Quarrying activities were temporarily suspended from 01.04.2020 to 03.05.2020 due to Covid-19 lock-down. The condition shall be followed scrupulously on progressing of mining and allied activities.
